10.6-15.5	\$1,565	10.6-15.5	\$1,565
15.6-25.5	\$1,785	15.6-25.5	\$4,825
25.6-35.5	\$2,685	25.6-35.5	\$5,315
35.6-50.5	\$4,200	35.6-50.5	\$6,825
50.6-65.5	\$5,725	50.6-65.5	\$7,580
65.6-95.5	\$8,755	65.6-95.5	\$9,085
95.6-125.5	\$10,270	95.6-125.5	\$10,610
125.6-155.5	\$11,780	125.6-155.5	\$12,130
155.6-185.5	\$14,830	155.6-185.5	\$15,540
185.6-200.5	\$16,340	185.6-200.5	\$17,440
200.5+	\$17,855	200.5+	\$21,230

Explanatory Notes:

1. Plan review fees are charged for initial plan reviews, and for significant plan changes.
2. Plan review fees are based upon the total anticipated area of the mine assuming the full "built out" mine scenario.
3. Proposed changes to a previously approved reclamation plan (that are proposed under an existing permit that serves to expand the permitted area or depth of the mine, or alter the scope of the operation) require a formal plan amendment and are subject to plan review. Plan review fees shall be charged based on the additional area added to the plan, or the additional time required to complete the plan review, plan amendment, and permit modification.
4. In unzoned towns, public notice fees are \$100. Public hearing fees are \$500.
5. In zoned towns and areas subject to shoreland zoning, public notice and hearing fees under NR 135 will be waived, and charged at rates established by the zoning authority.
